Jealousy Loses to California the Hortfoultural Department.

SITE FOR THE MUSIC EXHIBIT

Selected in the Building of Manufacture and Arts--The Proposition to Bring Over Seventy-five Leading European Editors.

CHICAGO, ILL., July 15 .- Sectional jealonsy and personal attacks combined have succeeded in losing to California the rich prize of the hortfcultural department of the world's fair. First Walter Maxwell, then General Chip-man, and now Gen. William Forsythe, all have failed of confirmation solely because of the attacks made on each one of them by citizens of their own state.

General Forsythe, after ample time for full inquiry had elapsed between his nomination by Director-General Davis and action upon it by the national board of control, was confirmed by that board of control, was confirmed by that board. Then the campaign of personal vilification and mendacious personal abuse was commenced upon Forsythe, similar to that started in the case of Maxwell. The local directors, 3,000 miles away, could not undertake to de-termine upon the merits or justice of personal attacks made upon nominees from California by persons in their own state, so the result has been that Gen-eral Forsythe yesterday wrote Director-General Davis a letter thanking him for the nomination, and absolutely declineral Forsythe yesterday wrote Director-General Davis a letter thanking him for the nomination, and absolutely declining it. He left for the east on an evening train en route to Europe for a pleasure trip which he has contemplated for some time. His letter of withdrawal relieved the local directory, or, rather, its board of reference, to which the matter had been referred, of a very newward embarrassment. Whatever objections to Forsythe may rest with those who opposed him they do not appear to have been proven to the conviction of the members of the committee on agriculture, who in disposing of this alrendy too vexatious matter say in their report submitted to the board of directors: "We are satisfied that the appointment will not secure the object desired by the director-general in making the same—that is, the selection of aman agreeable to all sections of Cahfornia. The reports we have received are so conflicting that we deem it our duty to recommend that the board do not certifir the appointment."

WITHDREW FOR THE BARE OF HARMONY. WITHDREW FOR THE SAKE OF HARMONY.

In his letter of positive declination General Forsythe said that since the opposition to his appointment had arisen within his own State he had concluded that his administration of the depart-ment would be neither agreeable to him nor satisfactory to all sections of his

ment would be neither agreeable to him nor satisfactory to all sections of his State.

A special committee, consisting of Commissioner St. Clair and Directors Edwin Walker and W. D. Keerfoot, to which the letter of withdrawal was referred, accepted it and passed unanimonsly a resolution in which they regret the dissensions in reference to their choice of a chief for the horticultural department that have developed among citizens of California. They commend General William Forsythe for the manly and patriotic statements contained in his letter, and express the hope that he will continue the efficient work which he has already performed in discharging the duties of his position as a member of the world's Columbian commission, and as cluirman of the committee of horticulture of that body.

So goes the disposition of the horticultural department for the present. No one knows at present who will be named for it, although there are those who would like to see J. DeB. Shorb, of California, or John Throp, of New York, mentioned for the place. It is a misapprehension to suppose that the latter gentleman was considered for the place, though the statement has been errone-ously published, and doubtless will be so published again. What the friends of Mr. Thorp would like to see him appointed to is the subdepartment of floriculture, and this, as he is an eminent florist and an authority on floriculture for many years, may possibly be brought about. As to the chieftainey of the horticultural department that will now certainly till the meeting of the national agains in Saturaher. will now certainly be postponed for some time, certainly till the meeting of the national commission in September.

struction Burnham said yesterday that it has been settled to place the special structure devoted to music and the music trade, and that to be used for the leather industry in the grand inner court of the great hall of manufactures and liberal arts. The music pavilion will be at the south end and the leather building at the north end of the contral court, looking north and south. Entrances to them will be created from the area under the great dome. the area under the great dome.

ARRANGING RAIL AND OCEAN RATES. Traffic Manager E. E. Jaycox has returned from New York and Philadelphia, where he has been with Traffic Manager Hudson, of the Illinois Central Manager Hudson, of the Illinois Central railroad, in the interest of the exposition. While in New York he conferred with all the English and continental steamship companies regarding reduced rates on exhibits and passenger rates. The feeling among the representative steamship companies was found to be very friendly, showing a decided disposition to do everything in their power to secure reasonable rates from European ports to the Atlantic seaboard, and to further this end they have agreed to further this end they have agreed to call a meeting this week to discuss the matter, and by joint action refer the same to their European managers for final decision.

final decision.

At a meeting of the press and printing committee yesterday it was resolved in reference to the proposition of the International Press association, that "an appropriation of \$12,500, or as much thereof as may be needed, be made to thereof as may be needed, be made to aid in defraying the expenses of a trip to Chicago of seventy-five editors of leading European newspapers, under the auspices of the International Press reception committee; any additional expense, of whatsoever kind, incurred before or after the arrival of the foreign gnests in Chicago to be paid out of a guarantee fund (furnished by the International Press reception committee) of not less than a sum equal to that appropriated by the exposition authorities, the funds provided by the world's Columbian exposition not to be available till the guarantee fund of the reception committee has been raised. Provided, that the International Press reception committee submit to the press ception committee submit to the press and printing committee for inspection and approval all the literature issued by it, and the list of names of editors to

be invited. he internatiodal press reception multice, at a meeting last night, recommittee, at a meeting last night, re-ceived and considered the communica-

tion and accompanying resolution submitted from the press and printing committee as published above. Thirty-eight of the members of the international committee were present, the president, alloher Lindblom, in the chair. After a thorough discussion of the matter the committee unanimously passed a resolution accepting the proposition of the exposition press and printing committee, and in addition a resolution mas adopted to the effect that the representatives of the foreign press in the city of Chicago would secure any consideral processing quarantee considered process. pecuniary guarantee considered neces-sary by the World's Fair directors.

THE WESTINGHOUSE CASE. Reorganization of the Electric Company. The Terms Accepted.

PITTSBURGH, PA., July 15 .- At a meeting of the stockholders of the Westing-house Electric Company to-day it was unanimously decided to accept the plan unanimously decided to accept the plan of reorganization recently proposed. The following new board of directors was elected: Charles Francis Adams, of Boston; August Belmont, Charles Fairchild, M. Hartley, Geo. W. Hebard, Honry B. Hyde and Brayton Ives, of New York; Lemuel Bannister, A. M. Byers and George Westinghouse, jr., of Pittsburgh. By the plan of reorganization adopted four million dollars of seven per cent cumulative preferred stock is created, of which three million dollars has been taken at par by the reorganization syndicate, to care for the dollars has been taken at par by the re-organization syndiente, to care for the company's floating debt and provide ad-ditional capital. The assenting stock-holders give up forty por cent of their stock, aggregating over \$2,500,060 par value, for the use of the company, and are given upon the sixty per cent of stock which they retein, a seven per cent preference.

MRS. LANGTRY DISFIGURED.

Kicked in the Pace by Her Paramour and Her Beauty Spoiled for Life. London, July 15.—Several stories are aflost with regard to the latest theatri-cal sensation—Abingdon Baird's assault Mrs. Langtry-about which there

has been a good deal of gossip.

The following story may be relied upon as authentic, as it was told to a newspaper representative by one who saw

on a suthentic, is like stort to a news Mrs. Langtry just after the assault had been committed, with the blood streaming down her face:

Some time ago Baird bought York House, Regent's Park, for Mrs. Langtry, and also paid off her debts in connection with the Princess' Theater, of which she is at present the lease holder. On a recent occasion Baird returned home unexpectedly and found a young man dining with Mrs. Langtry. Without more ado he proceeded to put him out, and then knocked "the Lily" down and kicked her in the face in such a way that it is said she is now disfigured for life. Mrs. Langtry had to be carried to bed and attended by a surgeon, who declares that it is probable she will never be able to act again.

Mrs. Langtry began an action for assault against Baird, but when he came to his senses he repented of what he had done and went to the house. Then as a douceur and to prevent the action, he paid her \$125,000 in Bank of England notes.

HOW THEY GOT RICH.

Newspaper Reporters Secure a Deed by Threatening to Expose a Murderer. Asoria, Ore., July 15.—About seven years ago a man named Browning was murdered in Pacific county, Washington. Mrs. Browning and Darius Norris wers arrested and tried for the murderbut acquitted. About two years ago but acquitted. About two years ago Mrs. Browning died in a small town in Hilmois, and on her death-bed confessed that she and Norris had murdered her husband. Norris has spent most of his time in Asoria, but on the 27th of March last he left on the British ship Sierra Blanca for France. Norris was the owner of a large tract of land, which is now said to be worth over one hundred thousand dollars. It has come to light that two newspaper men obtained a thousand dollars. It has come to light that two newspaper men obtained a deed to the hand from Norris, and it is said they compelled him to leave the country by threatening to disclose cer-tain facts concerning the murder of Browning.

Spring Valley Strike Over.

SPRING VALLEY, ILL., July 15.—The miners of this place who have been out on a strike since May 25, offered to rewill now certainly be postponed for some time, certainly till the meeting of the national commission in September.

THE MUSIC EXHIBIT.

The location of the music building has at last been decided. Chief of Construction Burnham said yesterday that it has been settled to place the special structure devoted to music and the music trade, and that to be used for the

A Family Poisoned.

LOUISVILLE, KY., July 15.—Near Rus-sellville yesterday, the family of J. H. Cornelius, a well-to-do farmer, was poisoned by the food at supper. Bernard Cornelius, a nephew, died before a doctor could be reached. Five others are dangerously ill. The symptoms are of arsenic. The poison is supposed to have been in the milk. There is no same known for any and the supposed to have been in the milk. use known for anyone to have given

CHANGING THEIR TUNE.

What English Editors Now Say About the

World's Fair.
London, July 14.—The Daily News com mends the Government's appointment of the Council of the Society of Arts as the British commission to the Chicago exposition, and says:

exposition, and says:

"The greatest interest naturally attaches throughout England to the exhibition. It will be a good thing for the commerce of both countries. If English exhibitors prove that England's industries can hold their own, it may bring home to the Americans what they sacrifice to protection, and open their eyes to the fact that the McKinley law is not worth what it costs."

The Standard to-day says: "The Chicago Fair will be the biggest show on record. It must not be neglected either by British manufacturers or British artists. The Society of Arts has just claims to occupy the responsible position towards the fair, which the government has just assigned it, in view of the fact that it was largely instrumental in bringing about the London exhibitions."

How He Wanted His Steak.

The waiter came back to the table for the third time, says the Minneapolis

Journal.
"Will you have your steak plain, sir?" That's what I said ten minutes ago."

"Yes, sir. Have it well done?"
"That's what I told you."
"Yes, sir. All right, sir. Have it extra thick!"

ra thick!"
"That was my order."
"All right, sir."
Then as the waiter started to go the unstoner straightened up and called him such back.
"You forgot one thing," he said

"Yes, sir."
"Il also have it served."
"What, sir?"
"Oh, that's all right. I know the place. You have good meats here. You have them rare, medium, and well done; them tander: you have them you have them tender; you have them plain and with trimmings; but its only about once in three hours that you have them served, and I'm particular to have mine that way. Now go ahead." He got his order in three minutes.

She Could Want It.

"No, Harry, I am sorry; but I am sure that we could not be happy together. You know I always want my own way in everything.
"But, my dear girl, you could go on wanting it after we were married."

DRY ITCHING SCALES THAT CRACKED AND POPPED OPEN.

LINDLEY, STEUBEN Co., N. Y., April 11, 1890. FOSTER, MILBURN & Co., Buffalo, N. Y.

FOSTER, MILBURN & Co., Builalo, N. Y.

GENTLEMEN:—When about ten or twelve years old I was troubled with cracks across the palm of my left hand, and when they healed the trouble broke out on my head, and every winter it would come out as a sort of tetter and make scales all over my head. I have not been free from it a single winter since, but it was worse last winter after I had the grippe, for then it came out in spots all over my body. I had a doctor examine me, and he told me that there was no cure for me. I got worse and crack and pop open, showing a watery matter. My skin was all like a dry wrapper. It felt as though it had dried on me. The scales were so bad that they would collect in the bed and have to be shaken out. It was about this time that I commenced using B. B. B. I was so bad that I was ashamed to take my hat off before a neighbor. I had used five bottles of another medicine without noticing any effect; but when I commenced to take B. B. B. the sores came out thicker than before, and they burned like fire; they were immense blotches of fire that would burn so I could not sleep. The way they burned and itched can not be told, and I hope no one else may ever know from experience. The only relief I could get was from washing the sores with some B. B. B.

I stuck to the medicine and was on the fourth bottle before I could see that I was really better, although I knew that it was better to get such rottenness out of my blood than to have it stay there. I did say ence that I wished I had never commenced taking B. B. B., but my wife encouraged me, and to-day I thank her for the advice, for I am in good health now, and I don't believe I ever would have been with my blood in such a condition as it was.

My scalp now is clean and clear of all scales and tetter, and on my body there are only small spots to show where the sores were, and these spots are free from

My scalp now is clean and clear of all scales and totter, and on my body there are only small spots to show where the sores were, and these spots are free from scales. I do not doubt but that the cure will be perfect.

I am now on the sixth bottle and will take more until every spot is gone. I firmly believe that Burdock Blood Bitters will cure the worst disorders of the blood, for such certainly was mine.
